Air Brake Parts - Suzi Coil Hose

Plastics Suzi coil Air Brake System Tubing is manufactured from Nylon. These products are designed specifically for the transfer of air between the prime mover and semi-trailer, although other applications such as truck, trailer combinations are often used. Suzi coils are all SAE J844, helically coiled to give the desired working length, and retractable to a very short length to store out of the way when not in use. Long tail Suzi coils have a 1 metre tail for applications where the air connections are elevated 1m above the chassis.
